

Architectural Collection

Spinnaker Tower Duration 8 minutes

We enjoy magnificent views of Portsmouth Harbour and the Solent from this new iconic structure. We also see the tower from a variety of viewpoints and with different lighting conditions in this fast-moving presentation.

Gaudi - Architect Extraordinaire Duration 10 minutes

A presentation focussing on the extraordinary works of the Barcelona architect Antonio Gaudi.

The Alhambra Duration 4 minutes

This short presentation looks at the Moorish architecture of the Alhambra in Granada, Southern Spain.

The London Eye Duration 7 minutes

We view this millennium icon from some unusual angles and in a variety of lighting conditions. Then we take a ride on the Eye and see the famous sights from a completely new aspect.

The Shard Duration 5 minutes

This is the latest, and tallest addition to the London skyline. It provides a wonderful platform from which to view the many sights of the capital, including Westminster, St. Paul's Cathedral, the City, Tower Bridge and Canary Wharf.

Brighton i360 Duration 5 minutes

Step inside the spacious glass viewing pod and glide smoothly up to 138 metres above the city. From the top, enjoy breathtaking 360° views across Brighton, the beautiful South Downs, the sparkling sea, and the vibrant city below.

Sagrada Familia Duration 6 minutes

One of Antoni Gaudí's most famous works, the church is perhaps best known for still being under construction in Barcelona since 1882—with works funded purely by donations. We take a lift to the top of the towers for a panoramic view of the city and marvel at the ornate architecture. The nativity facade and crypt have also been awarded UNESCO World Heritage Status.
